STUDENT ELIGIBILITY CRITERIA

Prior to the 2018-19 school year, student enrollment in the Federal Free or Reduced-Price Lunch Program could be used as a proxy to determine eligibility for the Early Postsecondary Exam Fee Assistance Program. However, under the new Community Eligibility Provision (CEP), all students at a participating school receive free meals through the Federal Free or Reduced-Price Lunch program regardless of their individual economic status. Adjustments have been made to the list of criteria used to determine student eligibility for exam fee assistance program to account for CEP participation. Please review the information provided below to determine an individual student's eligibility.

For schools/districts that are NOT participating in CEP, the following criteria can be used to determine eligibility for the Early Postsecondary Exam Fee Assistance Program:

The student is enrolled or eligible for the Federal Free or Reduced-Price Lunch Program during the 2018-19 school year. Students are eligible for free or reduced-price lunches if:

- their family's income is at or below 185 percent of the poverty level issued annually by the U.S. Department of Health and Human Services, or
- the students are directly certified without application for free school meals because they are:
 - in foster care or Head Start, or
 - homeless or migrant, or
 - living in households that receive SNAP/Food Stamps, TANF cash assistance, or the Food Distribution on Indian Reservation benefits.

For schools/districts that ARE participating in CEP, the following criteria can be used to determine eligibility for the Early Postsecondary Exam Fee Assistance Program:

- The student's family's income is at or below 185 percent of the poverty level issued annually by the U.S. Department of Health and Human Services, or
- The student qualifies as an "identified student" because he or she is:
 - in foster care or Head Start, or
 - homeless or migrant, or
 - living in households that receive SNAP/Food Stamps, TANF cash assistance, or the Food Distribution on Indian Reservation benefits.

All schools/districts, regardless of CEP participation, can use any of the following criteria to determine which students qualify for the Early Postsecondary Exam Fee Assistance Program:

- The student's family income is at or below the Census Bureau's "poverty threshold." The Census "poverty threshold" varies by family size and the ages of family members, but it is not adjusted for differences in the cost of living, including the higher costs of living in Alaska and Hawaii. If your school chooses to use the Census Bureau's "poverty threshold" to determine a student's economically disadvantaged status and eligibility, it should use the 2019 "poverty threshold" information available at the [Poverty Guideline ASPE](#).
- The student's family receives assistance under Part A of Title IV of the Social Security Act.
- The student is eligible to receive medical assistance under the Medicaid program under Title XIX of the Social Security Act.
